Mississauga, Ontario

Description

Item #	• Lathes •	
1	PBR model TM-30 engine lathe w/ 24" swing 196" bed, steady rest, quick change tool post, inch/metric threading, coolant pump, rapid feed carriage & cross slide	
2	Hardinge model HLV-H second operation lathe, cross slide with tool post, power carriage, tailstock, collet chuck	
3	Mashtroy model C11-MT lathe w/ 20' x 80" capacity, Heidenhein 2-Axis control chip tray & pump unit	
4	Hardinge model AMC-T-A lathe	
5	Hardinge model DV-59 toolroom turret lathe	
	• Mills •	
6	Nova model G-01 turret super mill w/ 12" x 42" table power feed ISO #40 taper w/ riser block 550 volt, belt drive Mitutoyo 2-Axis DRO	
7	Millwaukee model 205C-12 milling machine	
8	Heckert model F400-B2 milling machine	
9	Heckert model 1400-V1/2 milling machine w/ 16" x 78.5" table, Huron universal head rapid feed

Description

• EDM Machines •	
10	Forward model NC707/90A EDM die sinker w/ 40" x 20" sink w/ 90A control
11	Maximart model V-45 EDM die sinker w/ 75A control 575 volt
12	Japax model LU3B EDM wire cutter w/ JAPT 3F control 24" x 17.5" table X=9", Y=15", Z=6"
• Grinders •	
13	Thompson model B21496 surface grinder w/ 8" x 24" magnetic chuck, 3hp,
14	Hirig model Super 612 surface grinder w/ 6" x 12" Suburban electric magnet 1hp capacity 2850 to 3450 rpm
15	(2) Boyar-Schultz model H612, 612 surface grinders
16	BSA-Churchill model NB-220 surface grinder w/ 6" x 18" magnetic chuck 10hp capacity
• Support Equipment •	
17	Trennjaeger model LPC110/400 cut off saw
18	Forte horizontal band saw
19	Three Rivers band saw horizontal type
20	Sunnen model MBB-1680 honing
21	Assorted excess motors, drives, grinding discs, etc.
